I hope you enjoy it and find it useful! ===== Most sites like YouTube, Soundcloud, etc. adds some clip of silence at the beginning and end of the file, the reason why is to allow viewers the chance to adjust their equalizer levels before and after the clip so the sound isn't cut off, or the sound was sometimes processed in a way that the sound fades out as the clip ends. That is why I have made this sound pack "Fixing Sound Clip". It fixes a sound clip or music file that was trimmed of silence from the beginning or end so that it continues without any break or cut. ...more inf

## System Requirements For Kim Hana Theme:

Both software versions are tested with Windows 7 and Windows 10. The game requires at least 2 GB of RAM, but a good gaming PC with 4 GB of RAM or more will run it very smoothly. The game currently supports Windows XP, Windows 8.1 and Windows 10. Since this is a free PC game, it is not supported on Mac. Current version: 1.12.0 [v1.12.0] Due to the complexity of the game's engine, it's recommended to install these mods.
