Tuber-YouTube Downloader

Tuber-YouTube Downloader is a lightweight software application that helps with downloading videos from YouTube so you can store them on your computer for offline viewing. It can be deployed on all Windows flavors out there. Minimalist looks You are welcomed by a small panel that gathers all configuration parameters in a single window. A help manual is not included in the package but the setup parameters look very easy to tweak so you are not going to spend a lot of time learning how to work with this program. Video downloading options Tuber-YouTube Downloader gives you the possibility to paste the URL copied to the clipboard directly in the main window. In addition, you are allowed to pick the saving directory and select the preferred output format, namely MP4, WebM, FLV, or 3GP. What's more, you can choose between several video profiles that differ in quality, start or pause the downloading process, as well as get information about the current clip, like resolution, video profile, video and audio bitrate, and video/audio encoder. Tests have shown that Tuber-YouTube Downloader carries out the downloading process quickly and without errors. It offers very good output results. It does not eat up a lot of CPU and memory resources so the overall performance of the computer is not affected. Final remarks All things considered, Tuber-YouTube Downloader comes packed with several handy functions for helping you grab YouTube clips and export them to different video formats on your drive. The intuitive feature package makes it suitable for rookies and professionals alike. On the downside, it does not offer support for batch actions so you cannot download multiple videos at the same time. Tuber-YouTube Downloader 1.4.2 Product Information Any USB flash drives that are provided by Free-Soft and to which you install the program on, can be used for backup purposes and contain the installer for your license which comes in form of a license key that you need to insert. This key is the only way that we allow the product to be installed on your computer. With this application you can enjoy watching your favorite YouTube videos on a computer without an Internet connection, on the go, or wherever you are. The program is also fully customizable allowing you to choose your preferred options and features depending on your taste and needs. When you start watching a video you are prompted to enter the license key

Tuber-YouTube Downloader For Windows
