What's New in the?

Why try one of the many other software products out there when you can get "Caricature Studio X"? You see, there's a big difference between "other products" and "Caricature Studio X". Caricature Studio X was designed with a completely new interface that is both intuitive and user-friendly.

Caricature Studio X was designed to make it easy for you to create hilarious caricatures. Caricature Studio X was designed to allow you to generate carcaratures without the need for fancy 3D graphics software, and unlike 3D animation programs, there are no complicated vector, polygon, or pixel settings that you must memorize. Caricature Studio X has more than 300 "caricature-ready" templates that will help you to quickly create

caricatures! And last but not least, Caricature Studio X is affordable, reliable, and FREE! "But wait there's more!" With Caricature Studio X, you can add layers to your pictures! You can even add multiple layers and manipulate them as you wish! This is unlike other caricature software applications that let you create the cararacatures but do not give you a layer system that lets you do such things as edit your caricatures. And

what's more, you don't even need to own a copy of Photoshop to use Caricature Studio X. Caricature Studio X is easy to learn, quick to use, and you get all of this for FREE! So what are you waiting for? Go download Caricature Studio X NOW and create hilarious caricatures of your friends, family, and even the people you see every day! * These are The GREATEST features from Caricature Studio 3.* NEW

advanced photo editing features.* NEW advanced canvas painting features.* NEW Clipping Mask tool.* NEW high-res graphics for frames.* NEW faster rendering.* NEW toolbox.* NEW gif creator!* NEW instant caricatures.* NEW composite shapes.* NEW direct export to CD-ROMs.* NEW line thickness to text boxes.* NEW fun and easy ways to clip shapes.* NEW less complicated menus.* NEW one-click coloring.* NEW

shortcut keys.* NEW transparency icons.* NEW new layer support. Caricature Studio X features over 300 templates, including celebrities, sports figures, cartoons, animals, food, abstracts, and so much more. Most of these templates are editable, so you can add your own text, shapes, shapes, or do whatever else you desire. The new "Crop" command allows you to easily cut an entire shape off of the original image. The new "Shape

Rotation" command lets you rotate any shape to any angle and you can do this with any shape. The new "Shape Scaling" command lets you scale an entire shape up or down.
