enter the 10 or 11 digit serial number of the money order from the receipt, the post office number for the place where you bought the money. What to do if the transaction turned out to be of poor quality? There are several ways to confirm the fact of a poor-quality transaction. If the transfer was received on your account, but after 3-5 days you did not receive it to your email address, you need to call the customer support number 8-800-700-5255. If the money went to a bank card, then block the card and report it by phone 8-495-22-71-000. You can return the card and money to the account. To receive money in cash, you need to contact any branch of Sberbank of Russia and write an application. As a rule, money is issued in cash within 5-7 business days. You can pay with contactless cards in the store, but keep in mind that your balance will be negative. To unblock the card, call the bank's contact center at 8-391-200-3030, accept a message stating that you have become a victim of scammers, after which one-time code words will be sent to your phones. Note! Perhaps the ATM will not give you a card number, but will send an SMS, which will indicate the wallet number. As soon as you unlock the card, use your wallet login and password, so plan your phone balance in advance so as not to miss an SMS message. Amounts and categories of transfers Categories are individual transfer numbers that can be viewed on the front of the card. With their help, you can control the list of your transactions in order to pay attention to emerging problems with data entry in time. If you know which banks and payments were transferred to you, you will be able to receive timely notifications about changes in your card and be able to restore access to the card, as well as cancel the transfer. How much money can be transferred? Operations with plastic cards are widespread today. If you have a bank card that you have chosen as your settlement card, you can make payments from it anywhere in the world. Transfers are made in a currency other than the currency of the account. You can make transfers both in rubles and in dollars or euros, and for transfers in foreign currency, banks impose increased requirements on the transfer amount. The amount of the transfer fee depends on the transfer currency and is: ¢ in rubles ¢ from 0.8% (for a transaction in the account currency) to 1% (for example, when transferring
