New Summary screen Many of us are familiar with the phrase "Once you go black, you never go back." No, that's not true; it is absolutely untrue. In fact, there's good evidence that blacks and people of color -- who are now often called "African-Americans" -- were "once-white" long before they became "once-black." In the mid-18th century, for example, according to anthropologist William C. Sturtevant, "almost all the leading members of the governing circles in Virginia were of mixed racial heritage. Several were the offspring of a white mother and an African-American father; the Virginians who became most prominent were those who had the most striking examples of this racial mixture, and these were the ones who received special attention." I heard this argument from an anthropology professor when I was an undergraduate at the University of Texas at Austin. He was a black student who was studying anthropology, and he was talking about the years he had spent growing up in Dallas. "My mother was a light-skinned black woman," he told us. "She was beautiful, intelligent, well educated -- and very sophisticated. Yet, I never felt as if I had missed out on anything. My father was a white farmer from Kentucky. When he met my mother, he was

My review Review from Reviews 4.1 16,498 total 5 6,508 4 1,669 3 533 2 264 1 353 Bhushan Sankarni The one I have been using for last 2 years. I couldn't find any software that could help me in marketing management. bhushan @ Dani Nov 08, 2016 What I loved about the software is the ease of use. I like how all the reports and graphs are displayed in the app. Everything is organized well. I can also export all the reports to Word or PDF format. The only negative is that the saved draft for the marketing report is not displayed when you open it. Dani TJ Nov 08, 2016 Great software for small businesses One nice feature of this software is that you can easily use it on any of your devices. It does not matter if your device has a small screen or large screen, this software is compatible with any device. I use this software because it saves me a lot of time and money compared to using an assistant. I can easily gather my reports and information with out having to ask anyone for help. Thanks for the program, I am very happy with this software. TJ Christina Anderson Oct 22, 2016 Saved time I am running this on my tablet for my marketing team, the time it takes to get a report for the marketing team is reduced drastically, it takes less than five minutes. Thanks. Christina Ashley Taylor Oct 08, 2016 Everything that is expected! I've been using it for a while now and I love everything about this software. You can find so many tools in here that are needed to run a business. It's a nice way to organize everything. Ashley Jacky Bao Oct 03, 2016 A good marketing strategy I like how easy the software is to use, the export of reports is very easy. I really enjoy it, Jacky Bao India Byström Sep 08, 2016 Good tool for a marketing plan This is a good tool to generate a marketing plan.
