

BCTextEncoder Crack +

BcTextEncoder is a fast and easy-to-use text encryption application that enables the creation of encrypted messages. This tool uses two popular encryption techniques to ensure your privacy; AES-256 and RSA-4096. You can either use a blank key to create a new one or simply import one from an existing file. BcTextEncoder allows you to keep an encrypted version of the text in case the original is lost or stolen, for instance, and lets you decrypt the messages if needed. Once you have created your key, you can encode or decode the message, copy it to the clipboard and save it to a file. You can also export the key to a private key (RSA-4096) or to a file (txt or pem). Keep in mind that the app has the option to read the original text from a file. - Encryption: AES-256 (Password) or RSA-4096 (Public Key) - Decryption: RSA-4096 (Private Key) or RSA-4096 (Public Key) - Text encoding / decoding - Save to file - Copy to clipboard - Save to file - Export key to private key (RSA-4096) or to file (txt or pem) - Export key to public key (RSA-4096) - Create new key from blank or from imported key - Export key to public key - Clear key database - Copy encrypted messages from history - Open message history - Close history - Backup/Restore encrypted messages BCTextEncoder Features: - Automatic generation of a blank key on Windows - Automatic import of a key from file - Export encryption key to public key and private key - Browse encrypted messages - Backup encrypted messages - Export history to file - Export to clipboard - Export encrypted messages to file - Decrypt encrypted messages - Revert back to original message - Read file from file path - Send encrypted messages - Send encrypted message to contacts - Export message to clipboard BCTextEncoder FAQ: - Why is the app free? We thought that since this app is a safe and secure tool, especially in the context of online messaging, why not share it for free? And that is our philosophy: to always create new and innovative apps for users and make the world better. - How can I support the developers? Just share your thoughts on Facebook. I will do my

Ferguson Protesters Want Justice

On October 9, 2014, Michael Brown was fatally shot by Ferguson Police Officer Darren Wilson. He is gunned down by Officer Darren Wilson. Staring down the barrel of a gun in his face, Wilson lied saying he was shot in the leg - Brown was shot in the back again and again yet he came to retrieve his phone. He was six feet from the officer, many feet away. Why did he have to die on the streets of a great city? America died with Michael Brown. About 100 demonstrators gathered at the steps of the Ferguson police department, the last place where the unarmed teen was shot Aug. 9. They came to demand an end to police brutality and for justice for the people of Ferguson.
