If you have your body bound in a matter that the spirit realm wishes to use (or you are the one who wants to leave) what happens to your body? An example might be when you die, and the gods of your religion (or someone else's) stuff you into a statue. But what happens if, for example, the Storm King wanted your body in his realm as well? I'm not really talking about the spirit realm in general but looking at the a specific example. A: You are in the Unfinished Song, a poem by V.V. Doane. It is unfinished because Mephistopheles, assuming his part, is not finished with the "Hint of Fate" section. But you are not dead, and neither is your body. What happens to your body and your soul, once you have ceased to exist for whatever reason, is answered by V.V. Doane in a later part of the same poem. ## **What's new in Elden Ring:**

**From the creators of the Blue Reflection: Lost Sphear, TARNISHED ROOTS: FANTASY THE EXILE BECOMES A BRANDED GUIDE introduces the people and world of the Lands Between in the mythical lands of Gusteko, the highlands of Greenrome. The coexistence of humans and Elves, living in sync, has long since come to an end. With the victory of the Alliance Elf and the Tarnished Waves over his father's Empire of Elves, the Prelate of Gargnak, Héloïse, has declared a new religion called the Way of Faded Ashes. This order worships a nonexistent goddess named Gilblus, and all of Elf has been drawn into this oppressive religion. The church's disciples constantly monitor and spy on people using strange gadgets known as Simurgh So far Héloïse's way holds all of Elf together. Yet little by little the Alliance Elf has started to have doubts and thoughts of an alternative faith...**

**The game's official title is TARNISHED ROOTS: FANTASY THE EXILE BECOMES A BRANDED GUIDE. TARNISHED ROOTS is a free independent fantasy action role-playing game. TARNISHED ROOTS allows players to create their own character. Compared to other RPGs out there, TARNISHED ROOTS doesn't have many narrative threads or quests. Instead, players are immersed in the characters of the world and their own characters' memories.**

**The game starts with players fleeing from Gargnak and encountering each other along the way. Even after meeting one another, these players won't have any recollection of what happened to them in the past. In order to retrace the way back to the beginning of the game, players will have to uncover the threads of the fallen Religion. Although TARNISHED ROOTS is a game all about the characters in its world, players can still experience a great number of interesting situations that take place outside of the game's world and become friends with other characters.**

**In the coming release, there will be a free update for**

A Georgia man was charged with two counts of felony murder and aggravated assault over the weekend after he allegedly killed his fiancée, who was pregnant with his child, and then showed up at a hospital for treatment because he was drunk and wanted “candy.” Former Marietta Police Chief Johnny McKinley Jr. was arrested and charged with first-degree murder and aggravated assault on Saturday, after he went to Centennial Medical Center in Marietta, Ga., following the fatal shootings of his fiancé, Shilaye Williams, 26, and her unborn child, according to WMAZ. McKinley, 51, showed up at the hospital Sunday looking for candy, according to police. The former chief of police was seen on video allegedly attacking Williams inside their apartment in the Mount Cove Apartments in Marietta. He then allegedly shot Williams in the head after she told him to “stop” and “she was not having sex with him.” Video also shows McKinley allegedly shoving Williams down to the ground, near her head, when she says she plans to have the baby. The other alleged victim was Williams’ three-year-old son. Police said that Williams was seven months pregnant and McKinley was her fiancé. Police said Williams’ child was “very seriously wounded” during the alleged incident. McKinley has a warrant out for his arrest in Illinois and is being held in the Pickens County Jail on \$30,000 bail. The Pickens County Sheriff’s Office is investigating the incident. At a recent law reform meeting at the New York State Bar, several attendees were discussing the case of a client who had a contract to sell his home, but had not received the expected “occupancy” letter stating that the new owners were able to move in. The one other lawyer who attended stated, “I’m willing to bet the percentage that this happens is probably less than 0.1% of cases.” The speaker and a member of his firm said, “I’ve been doing this a long time, and I’m only willing to bet \$100 that it does happen.” The other lawyer said he was willing to bet \$10,000. The fourth lawyer, who has been practicing law for five years, tentatively says he will write the check, but he
