Music / Soundtrack: In "The Last Will" there are two different soundtracks, the game's original soundtrack and an emotional soundtrack. Both soundtracks complement the game's narrative. In the game's original soundtrack, you'll find a mix of classical piano sounds, as well as a mix of electric piano, string sounds, violin and accordion, which add color to the deep sadness of this story. In the emotional soundtrack, you'll discover deep sounds of a violin, a piano and an electronic wind chime. The game's music and sounds will express the development of the game's story and mood. Characters: The game consists of a father and his son. For gameplay purposes, they are represented in a 3D animation model. In order to find items (such as a firestarter), you'll have to search the environment from time to time. The game also includes a system called "The Finding System", that enables you to find items that are missing in the world. There will be some "Puzzle" moments in the game where you'll have to figure out how to solve a casual problem in the environment, like for example finding a missing piece of a kitty or finding a briefcase. These puzzles will have time limits and if you don't have the items in time, you'll fail the puzzle. Some items will have a use in your inventory and at certain points in the game, you'll have to find items so you can use them. Look for items on the ground and on shelves.
