The legendary evil has awoken and wants to take over the surface, so it attacks the whole world. The player enters the dungeon in search of the evil and aims to defeat it. You must endure, fight enemies and take care of your heroes. The tower stretches from the depth to the top. Take care not to lose in the starting. Every boss gets its own attack method and even their type changes over the course of battle. As the game progresses, our hero gets new weapons and potions to help kill the boss and earn more money. Stages and Monsters: - Stage 1: The first section is the Tower of Shadows. Here, our hero is under attack. He uses a chain and a sword to kill his enemies. - Stage 2: Here, our hero hears the death cry of the Evil Dog, the main enemy of the game. - Stage 3: Here, our hero must get in the pit of fire. We are going to destroy the ancient evil that has been preserved for thousands of years. - Stage 4: Here our hero finds the Evil Wizard, who has cursed him. To destroy him, our hero must break the curse. - Stage 5: The first big boss, Hell's Rage. He is the source of the evil. He has two ways of attack: he shoots out spikes from his mouth and summons other monsters. - Stage 6: The last stage of the game is the Demon Station. Here, our hero must fight to open up the Gates of Hell. Bosses: - Hell's Rage - Evil Wizard - The Demon Station - The Tomb of Annihilation - The Maze of Nazarac - The Fate Gate Game Features: - Five Different Worlds - More than 40 Levels - You can make more than 200 million gold coins - Weapons and Healthbars - Beautiful and Dark Graphics - Great Soundtrack . Fhtagn! (Black Magic Online) Sun, 11 Oct 2010 15:03:24 +0000articles75453After making a more competitive game for SCFG we took it's successful features and decided to make a zombie game. This would of course be built completely different from the original. -Story is slightly more in line with SCFG: (Black Magic Online): The world is faceing an unknown invader. The invader is elusive, he/she/it is coming from the vast ocean and has been spotted in many places around the world. As the planet is known to be completely tapped out of oil, scientists have chosen to protect themselves by building automated towers that will detect any unusual forms of energy. The towers were built in a massive underground complex guarded by the military. The opening ceremony is a momentous event. All around the world celebrities/politicians/authorities are gathered in honor of the opening ceremony. The high priests stand behind a podium decorated with various demons and representations of the dark arts. They are wielding symbols of power. They speak before an audience of well known fanatics from around the world. Millions watch on television sets. A male crackpot from the audience with really unpleasant eyes stutters with nervousness in his voice. "We are suprized that this occured but most complitely we must supsect. Nothing in the dark arts could be more powerful than the demon called **Darkness**. Throughout the world there

Overview: The Prison Experiment is a third person Battle Royale experience with a twist. You will be faced with a totally unique gaming experience designed to separate the strong from the weak. This game is not just offering a fifty man free for all mode, we also offer different game modes for a truly immersive playing experience. HOW TO PLAY Game Modes - Random Battle Royale - This is our free for all death match free for all game mode. In this mode the game will spawn you in randomly into a 50-player fight. In this game mode, the last player standing wins. King of the Cell Block - This is our take on a classic game mode. Fifty players are spawned randomly in five sectors of the map. Each five sections will have their own last man standing fight and the winners of each section are pushed into the sixth and final location of the map. The last five players standing will fight again, and the winner will take home the victory. Team Deathmatch - You and your team must survive against other teams deathmatch. UNDER CURRENT CONDITIONS - You will be facing off against other players in first-person mode. Game Modes - Fifty Man Free For All - This is the story of a criminal on the run! Survive and save your fellow prisoners as they take out the guards. Break into teams of two and make the decision as to whether to stay together or to split up. The Player State are: State of Fear - The players are having a high stress time and they are slowly running out of time as they are trapped in the Prison. Danger Zone - The players are being held hostage by the government. They are being told to show their weakness as a prisoner or they will be killed. Bail Out - The players have been shown a way out. However, they will have to act fast as the guards are actively looking for them. Greed - The players are on a mission to collect supplies before the guards make it to them. Survival - The players will need to work together to find a way out of their cell block. The player(s) that survive the game are sent home and escape the prison with a full buy out. Duration: The game will take place within a time of 3-6 hours. This will depend on your device and playtime. The more players within the game the quicker the gameplay.
