
Ultimate General Civil War Game For PC Full ##VERIFIED## Version

Download

Ultimate General: Civil War is a tactical war game. Experience the bloodiest period in US history, the American Civil War of 1861-1865. The game is based on the popular strategy board game. The game has three main modes: campaign, battles and events. A campaign is a turn-based strategy in which the player controls individual troops and uses them to fight against opponents. Events and battles are multiplayer scenarios in which the player controls an army in real battles and the American Civil War.
